EDUCATION

University of Waterloo **Waterloo, Ontario**

Honours Bachelor of Mathematics in Statistics, minor in Computer Science and Economics (CGPA: 3.94)

- Term Distinction for all terms; President's Scholar of Distinction

RELEVANT EXPERIENCE

RBC Insurance Investments **Toronto, Ontario**

Investment Analyst, Research and Asset Allocation *Jun. 2026 – Aug. 2026*

- Authored annual performance reviews for $1.1B of committed capital across 12+ commercial real estate and infrastructure equity funds, benchmarking manager returns, sector trends, and portfolio exposures to inform re-up and rebalancing decisions.
- Co-developed the diligence framework used to screen and score 20+ external managers for $1B of prospective mandates across Collateralized Loan Obligations, Infrastructure Debt, and Infrastructure Equity, directly informing final manager selections.

RBC Insurance Investments **Toronto, Ontario**

Actuarial Analyst, Investment Risk and Liability Management *Jan. 2026 – Apr. 2026*

- Proposed and built convexity analysis, improving asset-liability matching; adopted for permanent use.
- Modelled liability cash flows and interest rate sensitivities for a $13B insurance liability portfolio to assess duration matching and yield curve risk across the portfolio's asset-liability position.
- Developed Python automation script that brought down liability modeling preparation time from 40 minutes to 5 minutes.
- Evaluated infrastructure equity and debt opportunities to support the portfolio manager's investment recommendations.

Korn Ferry International **Seoul, South Korea**

Consulting Intern, Organizational Consulting *Jun. 2025 – Aug. 2025*

- Conducted HR due diligence for the $500M cross-border acquisition of a content startup, reviewing HR master data of >200 employees, employment contracts, and corporate filings to identify organizational and compliance risks.
- Uncovered significant organizational issues not disclosed by the target by investigating US court filings, informing the client's post-merger integration (PMI) strategy and flagging key risks for the deal team.

Hanwha Life Insurance Co. **Seoul, South Korea**

Summer Analyst, Private Equity *Jun. 2023 – Aug. 2023*

- Evaluated private equity deals of up to US$100M through financial modelling and analysis of company filings and sell-side reports to assess valuation, growth, and downside risk.
- Authored investment memos recommending two investments in the energy and financial software sectors to the investment committee, outlining the thesis, valuation, and key risks.

ADDITIONAL EXPERIENCE

AXL **Toronto, Ontario**

AI Engineer *Sep. 2026 – Present*

- Take AI product ideas from concept to launch, designing the revenue model, operations, and ideal customer profile.
- Develop MVPs for portfolio companies through the research and application of LLMs and ML in full-stack applications.

Aleph Lab (YC F25, formerly Lucid AI) **Seoul, South Korea**

Co-Founder *Mar. 2025 – Jun. 2025*

- Built a macOS local AI agent using Swift, Python, and the Gemini API, raising capital at a $1M valuation.
- Pitched to 10+ enterprises, users, and VCs across the US, Europe, and Asia.

2nd Artillery Brigade, Republic of Korea Army **Hwacheon, South Korea**

Fire Direction Squad Leader, Intelligence and Operations *Sep. 2023 – Mar. 2025*

- Reduced subordinate units' response times by 40% by building an Excel VBA dashboard that digitized and visualized real-time artillery status, streamlining decision-making for battalion leadership.
- Led 10+ soldiers in the battalion HQ Fire Direction Center, briefing the battalion commander on daily and current operations.
- Received the Brigadier General Commendation twice for exceptional initiative and exemplary leadership.

LEADERSHIP & EXTRACURRICULAR

University of Waterloo/Wilfrid Laurier University Double Degree Club **Waterloo, Ontario**

President *Sep. 2025 – Jan. 2026*

- Led a 12-member executive team serving 500+ students, organizing networking and social events.

University of Waterloo Finance Association **Waterloo, Ontario**

Analyst *Sep. 2025 – Present*
